

Pharmacy Pre-Matriculation Success Program Highlights

Exam Master has developed a comprehensive Pre-Matriculation program to help new pharmacy students prepare for the P1 year and beyond. This self-paced Pre-Matriculation program features coverage of the pre-requisite subjects and topics most important for new pharmacy students. Exam Master's Pre-Matriculation Program is broken down into three phases:

- √ Phase 1: Comprehensive Baseline Assessment
- ✓ Phase 2: Learning Modules with Practice Questions
- ✓ Phase 3: Summative Course Exams

Exam Master's Pre-Matriculation Program places a strong focus on assessment and measuring outcomes. Students start with an initial baseline assessment and then move on to practice questions embedded in the video-based learning modules. Each learning module is followed by a summative exam to measure knowledge and build confidence.

Phase 1: Baseline Assessment			
Subject	Number of Questions	Percentage	
Math	18	15%	
General Chemistry	18	15%	
General Biology	18	15%	
Organic Chemistry	10	8%	
Biochemistry	10	8%	
Physiology	28	23%	
Microbiology	18	15%	
Total	120	100%	

Exam Master's pre-matriculation program is designed to measure knowledge gaps by means of a comprehensive baseline assessment. This baseline assessment covers a broad range of concepts derived from the core pre-requisite subjects essential for success in the demanding P1 year and beyond.

This program is self-paced, available online, and ready for your students with no special training or set up required. Institutional enrollment is now open.

Phase 2: Learning Modules/Practice Questions			
Subject	Learning Objectives Covered	Practice Questions	
Time Management	N/A	N/A	
Math	40	130	
General Chemistry	10	41	
General Biology	8	22	
Organic Chemistry	10	23	
Biochemistry	28	56	
Physiology	26	27	
Microbiology	36	80	
Critical Thinking	N/A	N/A	
Totals	158	379	

Numbers are minimums and subject to change

The Pharmacy Pre-Matriculation Success program offers a comprehensive set of tools to help students overcome knowledge gaps and build confidence for pharmacy school. This self-paced program can also be used during the P1 year.

Phase 3: Summative Course Exams				
Subject	Number of Questions	Overall Course Time*		
Time Management	N/A	1.00		
Math	80	7.25		
General Chemistry	30	2.25		
General Biology	30	1.50		
Organic Chemistry	25	1.75		
Biochemistry	56	7.50		
Physiology	53	3.25		
Microbiology	80	7.25		
Critical Thinking	N/A	1.00		
Totals	354	32.75		

^{*} Time is approximate (in hours) including instructional videos & student selfstudy. Question numbers subject to change.
